

Project ACCESS Autism Credential Program Completers PAAC 1.0 (May 2020)

Persons who hold the 2020 Project ACCESS Autism Credential (PAAC):

- Became familiar with all 27 of the Evidence Based Practices (EBPs) that had been identified by the National Professional Development Center for Autism by August of 2018.
- Participated in regional twice monthly cohort meetings during which they collaborated with other autism educators and a Project ACCESS Autism Resource Specialist and/or Missouri Autism Coaches to have discussions and demonstrations of the EBPs.
- Demonstrated ability to select appropriate EBPs necessary to address IEP goals for students in their classroom and implemented most of these EBPs in their classrooms as appropriate.
- Participated in at least monthly in-classroom coaching by Project ACCESS Autism Resource Specialists and/or Missouri Autism Coaches.

Congratulations to the following participants for completing the two year training!
